PINK COLLAR

MODERN metallics

Shine on this autumn with metallic make-up in high-gloss celeb style... you'll be as proud as a peacock

Go all out for sophisticated star sparkle and adorn yourself in iridescent shades of ruby, teal and luxurious lilac with hints of gold and silver. Try this fun, glamorous look for modern starlet style.

ACCESSORISE

Peacock necklace. £8 from Accessorize; **Pink Gem Flower comb**. £4.75 from Boots; **Vintage bracelet**, £65 and **earrings**. £33 from John Lewis.

SKIN should look natural with a hint of pearly shimmer for a super-glam look. Add sparkle with frosted fuchsia blush.

LIPS should be pink and glossy. **James Kaliandos of L'Oréal** says 'For an explosion of colour and full lips that sparkle from every angle, use **Color Riche Crystal Shine** in Starlet (£6.99) from L'Oréal. Apply with a brush for a really accurate shape. To complete the look, dab **Glam Shine** in Fuchsia Crystal (£7.99) on the cupid's bow of the lips to give you a really sexy and full pout!'

EYES should be the focus, so play them up and add drama with metallic shades in electric peacock colours. **HAIR** should be big, gorgeous, shiny and super-sexy.

'Blend rich midnight purples and icy pinks with a galaxy of stary crystals and champagne tones to achieve a sophisticated look, perfect for seductive winter evenings.' **JAMES KALIANDOS, L'ORÉAL**

ADORNED

These shimmering celebs never fail to dazzle

Drew Barrymore's bright green eyeshadow makes her eyes zing and the pink sparkle lipgloss gives the perfect balance.

Let's face it, **Beyoncé** can do no wrong at the moment. The Queen of Bling shines with pale pink lipgloss and defined eyes.

Kylie's lilac eyeshadow balances the green of her eyes and her pink glossy lipcolour enhances a winning feature - her smile!
